

Our Mission

The Bremen Public Schools community works collaboratively to provide a safe, nurturing environment where students are empowered academically and socially to succeed in life.

Our Vision

Bremen Public Schools offers an exciting, enjoyable learning environment. This is evident from the positive relationships that exist on all levels. Staff members model compassion, understanding and empathy through daily interaction with each other and with their students. Through instruction and daily modeling, students learn how and why good social skills are important. Bremen students get along well with others, feel a deep sense of belonging and internalize the social skills that are modeled as their own.

School policy and procedures do not tolerate mediocrity in teaching and learning. At Bremen Public Schools, students experience a variety of opportunities, both academic and extracurricular, that match their interests and challenge their abilities. Various disciplines encourage and support career exploration. Students are expected to complete homework, be self-motivated and work collaboratively with classmates. Technology is utilized by every student in every classroom, thus creating competency for a technical world. Students are encouraged to think creatively and critically in an effort to address today's problems and formulate solutions for tomorrow.

Bremen Public Schools produces graduates who are competent with the necessary social skills to be successful citizens.
